SUMMARY

Enthusiastic Computer Science student with a passion for innovation and coding. Eager to contribute and excel in the tech world.

EXPERIENCE

Python Developer Intern

2023

U&I Interiors

Ahmedabad, Gujarat

- Developed a web scraper using BeautifulSoup library in python to extract relevant data and integrated it into the CRM system, facilitating streamlined data management processes.
- Designed and implemented projects aimed at providing potential customers with automated quotation generation for their projects, enhancing user experience and expediting the sales process using HTML, CSS and JavaScript.
- Managed the company's WordPress site and automated the contact information system using the WhatsApp API, improving customer communication and website efficiency.

Core Technical and Design Member

2023

VIT BlockChain Community

Vellore, Tamil Nadu

- Collaborated with a team to design and develop a website for the Blockchain Community Club.
- Focused on creating a user-friendly interface to effectively promote the club's speaker event.
- Contributed to increasing event outreach and engagement through targeted website design and content.
